

---

Software engineer with 15 years of demonstrated experience specializing in front-end development and interfaces to back-end systems. Currently seeking an opportunity to utilize my well-developed skills for a team where I can continue to learn and grow.

---

## **Technology Skills**

- JavaScript, TypeScript, React, Vue, AngularJS
- HTML, CSS, Sass, Less, Bootstrap
- Vite, Webpack, Gulp, NPM, NodeJS

## **Key Competencies**

- Front-end development and design
- Creation and design of reusable front-end frameworks
- Collaboration with engineers of all types to ensure best practices in design
- Experience working within Agile scrum teams, utilizing tools such as Atlassian Jira

## **Recent Professional Development Experience**

### **Ezoic, Carlsbad CA**

**5/2021 - 12/2022**

Software Engineer

- Created monthly performance dashboard allowing clients to view their monthly ad revenue, engagement, and other metrics at a glance.
- Made updates to client-facing dashboards, allowing users to manage their sites more quickly.
- Created/maintained dashboard for external contractors to update site status.

#### **Main Technologies:**

Go, Vue, JavaScript, TypeScript, PHP, MySQL, HTML, CSS, Git

### **Study.com, Mountain View CA**

**11/2019 - 2/2021**

Front-End Software Engineer

- Collaborated on layout components for long-form hub landing pages, enabling quicker builds for future pages while allowing for customizations.
- Built dashboards for internal management of the external website, allowing non-technical users to update content on demand.

#### **Main Technologies:**

AngularJS, JavaScript, TypeScript, CSS, Less, Bootstrap, Gulp, HTML, JSP, JSTL, Java, MySQL, Selenium, Git

## **Rain Bird, San Diego CA**

**8/2018 - 2/2019**
